CREATE YOUR OWN XERIC CRITTER PLANTER *Planter Workshop at the Halawa Xeriscape Garden*

WHAT: Create custom made critter planters!
A hands-on workshop offered by the Board of Water Supply (BWS) and Friends of Halawa Xeriscape Garden (FOHXG) will show you how to create a xeric critter planter out of a recycled 2-liter bottle.

WHEN: Saturday, February 13, 2016
10:30 a.m. to 12:00 p.m.

WHERE: Halawa Xeriscape Garden
99-1268 Iwaena Street
Halawa Valley's Central Park Industrial Area

DETAILS: This hands-on workshop involves crafting a 2-liter plastic bottle to look like a hedgehog or other outdoor critter. With an ounce of creativity, participants can fashion recycled containers that are practical, fun to use in your garden and simple to create. You will also learn a few hints on how to care for your container plants. Potted plants tend to require more water than in-ground plants, so using drought tolerant plants is a great way to conserve water outdoors. You will also learn to shop for and identify drought tolerant plants.

COST: \$7 for non-members; \$2 for members of the FOHXG (depending on level of membership).

REGISTER: Advanced registration is required. Registration opens on Tuesday, January 26, 2016, and closes at 2:00 p.m. on Friday, February 12, 2016, or when all spaces are filled. Call 748-5320 or email workshops@hbws.org to register. For more information about xeriscaping or classes at the Halawa Xeriscape Garden, log on to www.boardofwatersupply.com. BWS security requires full name and address of all participants.
