**FANCY FUNNELS**  
Halawa Xeriscape Garden Workshop

**WHAT:** Create a functionally artful planter from recycled wood and funnels! Yes, funnels! This hands-on workshop is sponsored by the Board of Water Supply (BWS) and Friends of Halawa Xeriscape Garden (FOHXG) and will show you how to create a vertical or horizontal mini funnel planter.

**WHEN:** Wednesday, November 16, 2016  
10:30 a.m. to noon

**WHERE:** Halawa Xeriscape Garden  
99-1268 Iwaena Street  
Halawa Valley's Central Park Industrial Area

**DETAILS:** This fun workshop involves repurposing recycled products to create an exciting and artistic mini Xeric Herb Garden. For ease of harvest you can conveniently hang your fancy funnel panel on a wall just outside your kitchen door, fence or as a stand-alone, "ooh and awe" garden decoration! You'll learn new skills as we will be using a cordless drill and spray paint. Please bring an apron, safety goggles, Phillips screw driver and your "I can do anything" persona! Container gardens tend to dry out quickly and require frequent watering except for when you fill them with drought tolerant plants. We will be using drought tolerant herb seeds for this project. Your new plantings will require frequent watering at first, but once your herbs are established you will only have to water one to two times per week! Another water saving tip brought to you by BWS and FOHXG.

**COST:** \$20.00 for non-members; \$15.00 FOHXG members (supporting level or above)

**REGISTER:** **Advanced registration is required.** Registration opens on Tuesday, October 25, 2016, and closes at 2:00 p.m. on Tuesday, November 15, 2016, or when all spaces are filled. Call 748-5315 or email [workshops@hbws.org](mailto:workshops@hbws.org) to register. For more information about xeriscaping or classes at the Halawa Xeriscape Garden, log on to [www.boardofwatersupply.com/workshops](http://www.boardofwatersupply.com/workshops). BWS security requires full name and address of all participants.
