## **BOARD OF WATER SUPPLY TO LOCATE LEAK ON NIMITZ HIGHWAY AT ALAKEA STREET**

The Board of Water Supply (BWS) will be working to locate a leak in an 8-inch water main at the intersection of Nimitz Highway and Alakea Street on Tuesday night (3/2/10) starting at 7:00 p.m.

After 7:00 p.m., only two lanes of traffic will be open on Nimitz Highway in the westbound direction at Alakea Street. The far-right lane of Nimitz Highway and the turn lane from Nimitz Highway on to Alakea Street will be closed as a BWS leak detection team works to pinpoint the location of the leak.

Crews will be off the road before the morning rush hour, barring any unforeseen circumstances. The repair work will be planned and scheduled for night work later this week.

Drivers are advised to use caution while driving through the work area and to allow for extra travel time.
