COST: The cost for this activity is \$15 for the general public. A discounted rate is being offered to members of the Friends of Halawa Xeriscape Garden. The activity fee includes (1) tillandsia plant and (1) decorative item per person. Additional materials and/or plants may be available for a nominal fee payable to the instructor – cash only.

BRING: Glue guns, scissors and other supplies will be available for sharing. However, participants are encouraged to bring their own tools and embellishments to create their unique decorative plant. Attendees are welcome to bring a brown bag lunch to enjoy at the garden after the workshop.

DETAILS: Are you wondering what to get mom this year for Mother's Day? Well look no further! Make mom feel extra special this year by giving her a unique and heartfelt gift made with a Tillandsia plant (more commonly known as the "air plant").

Bromeliad enthusiast Marty Lum has taught popular Tillandsia Xeriscape crafts for many years, where participants created beautiful glass centerpieces, festive holiday ornaments and even birdhouses! What will participants be making this year? It's a surprise!!! So invite mom to spend a beautiful morning at the Halawa Xeriscape Garden, where together you can create a special gift that would definitely put a big smile on her face.

In addition to the craft, participants will learn about the Tillandsia plant, its xerophytic characteristics and care/maintenance methods. Visit www.boardofwatersupply.com for more information.
