

CITY & COUNTY OF HONOLULU

CENTRAL OAHU WATERSHED MANAGEMENT PLAN

Community Meeting No. 2

Thursday, February 1, 2018

Wahiawa Recreation Center

6:30 – 9:00 pm

The Honolulu Board of Water Supply (BWS) and Department of Planning and Permitting (DPP) have begun the development of the Central Oahu Watershed Management Plan (COWMP). The COWMP will be prepared in accordance with the State Water Code Chapter 174C, HRS and the City and County of Honolulu Ordinance Chapter 30, ROH. The COWMP will be one of eight district water management plans that together will comprise the Oahu Water Management Plan.

Goal of the Oahu Water Management Plan:

To formulate an environmentally holistic, community-based, and economically viable watershed management plan that will provide a balance between: (1) the preservation and management of Oahu's watersheds, and (2) sustainable ground water and surface water use and development to serve present users and future generations.

The planning process will integrate land use and water resource management and incorporate:

- Community participation and consultation
- Holistic management of watershed resources
- Alignment with important State and City policies and programs
- An action orientation: Implementation of important watershed management programs
- Ahupua'a management principles.

COWMP Objectives:

- 1) Promote sustainable watersheds
- 2) Protect and enhance water quality and quantity
- 3) Protect Native Hawaiian rights and traditional customary practices
- 4) Facilitate public participation, education, and project implementation
- 5) Meet future water demands at reasonable costs

PLANNING PROCESS

DISTRICT SIZE

70,921 acres

Agricultural: 29,783
acres

Conservation: 25,645
acres

Urban: 15,493 acres

DISTRICT

POPULATION:

168,520 people
