Hi

I am a resident of Castle Hills and oppose the saving of the Haiku Stairs. It will be detrimental to our community due to the hikers' abuse of the surroundings. It is evident in other areas like Maunawili that hikers have no consideration for private property. I already see illegal hikers parking illegally in the neighborhood. In addition, we see a number of rescues which is a waste of taxpayers' money. Also, private operators will not help. Please take it down.

Thank you
Mark Matsumoto

I'm a resident of Castle Hills and support removing the stairs and letting Kualoa Ranch put the stairs on their property so people can safely hike there. It's a win-win situation as hikers can still hike and residents won't be inconvenienced. My friend's mom lives on Makena St, near the current hike entrance. She's awakened early in the morning by hikers who park in front of her house and make lots of noise. I don't want the hike entrance near Castle Hills. It will draw people at all hours. We already have people sitting in their cars on Pookela St day and night. They have no reason to be there late at night. I'm afraid it will draw more people to hang out there and in our neighborhood. We've had burglaries, people sitting in their cars on Puupele St for hours and people driving around and around. I've seen people sitting in their cars and recently had mail stolen from my mailbox. I believe more people in the area will lead to more people in Castle Hills and an increase in crime.

To Whom It May Concern,

As a home owner in the Kaneohe community, I would like to send my opinion on the Haiku Stairs. Although the stairs offer a fun adventure and breathtaking views, I see it as a liability for the state. With the long term effect of tax revenue shortage in the state for this year and possibly beyond, I highly recommend removal. Lawsuits will not outweigh the gains. It is also a direct nuisance to the community, where individuals will likely cause increase in break-ins to both cars and homes as a result of people trespassing near stairway entrances.

Mahalo,

Justin Fienhold
