

PLANNER III

Security Section Head

(TEMPORARY)

Create your future while supporting our community...
We deliver earth's most precious resource across the island...

The Board of Water Supply is recruiting for a security professional with experience in planning, organizing, and controlling the physical security programs, emergency preparedness programs and related functions and activities. Overall responsibility for the Emergency Preparedness and Security Office. Experience to include serving as the emergency, and security subject matter expert. Responsible for the reduction and mitigation of hazards, injuries, accidents, as well as threats and ensures compliance with local, state, and federal laws, regulations, and standards.

This position:

Supervises, develops and oversees the implementation of the BWS facility security and emergency preparedness programs.

Develops and manages all contracts relating to emergency preparedness plan and/or continuity of operations plan updates, and facility security services and/or physical security projects.

Independently performs the full range of professional work required under the BWS facility security program and emergency preparedness program.
