QUALIFICATION EDITOR DELETE POP UP WINDOW

In each section of the **Qualification Editor** users may delete entries by clicking the trash icon. When deleting information a pop window will open asking the user to confirm that they want to delete the information.

- Deleting information in the **Qualification Editor** will not remove the information from any **project category submission** that it has already been added to.
- If a user deletes information from a specific project category that has not yet been submitted, the user will need to go to the **Submission Dashboard** and “Edit” the submission remove the information and “Save” the edits.

MISCELANIOUS

1. Section F - Additional Information and the "SFR330 Additional Information Template"

Firms may create different "Additional Information" documents to upload for each project category or may use the same upload for all project categories that the firm is submitting qualifications for. Including the Project Category in the Header of the document is optional and may be deleted.

Part I - Specific Qualifications

F. Additional Information

Provide any additional information at your discretion.

This field is only required if a PDF is not uploaded.

0/1500

For each project category being submitted that requires the SFR330 Form to be completed, companies must include the "SECTION F: ADDITIONAL INFORMATION" listed in the Notice to Providers of Professional Services. Please use the SFR330 Additional Information Template provided below for the Additional Information, save the document, convert it to a PDF document, and upload it to the Portal. Upload a maximum of ten (10) PDF documents, each no larger than 15MB.
