a. Windward O'ahu residents eligible for \$150 Rain Barrel Reimbursement Program to improve water quality and conserve fresh water. Hui o Ko'olaupoko (HOK), funded by the Hawai'i Community Foundation (HCF), is launching a new Rain Barrel Reimbursement Program to help Windward O'ahu residents capture and reuse rainwater at home. Through this program, HOK will reimburse 100 eligible households up to \$150 each toward the purchase of a qualifying rain barrel system. Additionally, the program offers free installation assistance. To secure your spot and receive a rain barrel purchasing guide, email Volunteer@huihawaii.org. HOK staff are also available to conduct a free rainwater assessment for Windward Oahu Properties. The assessment utilizes the locally developed "Follow The Drop" app to calculate a property's potential runoff from impervious surfaces and make recommendations on ideal green stormwater solutions and appropriate sizes. Hui o Ko'olaupoko has developed a detailed slideshow of recommended barrel systems, step-by-step installation examples, and a local purchasing guide to simplify the process for participants.

IV. BOARD BUSINESS: MOTIONS

- A. Motion requesting the Department of Transportation Services (DTS) begin implementation of the Lanikai Transportation Management Plan:** At the December 4, 2025 Kailua Neighborhood Board meeting Department of Transportation Services (DTS) explained their implementation plan for the Lanikai Transportation Management Plan. Using FY27 funding (starts July 1, 2026), DTS would install "No Parking Any Time" signage on 'A'alapapa and Mokulua Drives and make all cross streets one-way with marked parking spaces on the pavement, which would also involve widening some of the streets as necessary to achieve a minimum width of 18 feet. With the cross streets prepared, DTS would also simultaneously implement "No parking 10 am until 4 pm" signs in Lanikai; DTS will not implement no parking 10 am until 4 pm signs until parking is converted from unimproved sidewalks to on pavement. DTS offered as an alternative installing "No Parking Any Time" signage on 'A'alapapa and Mokulua Drives as soon as possible using FY26 funding (but without no parking 10 am to 4 pm), in advance of the other measures in FY27. Support for all of the other aspects of the Lanikai Transportation Management Plan (doubling TheBus #671 frequency 10 am to 4 pm, designating a few unloading/loading spaces, installing bike racks, etc.) was reiterated. DTS asked if there is a community preference between implementing all of the major measures at once (late 2026 or early 2027) or installing the no parking signs on the loop as soon as possible while waiting for the other measures. **The Kailua Neighborhood Board hereby requests that DTS install the NO PARKING ANY TIME signage on the Lanikai "loop" streets 'A'alapapa and Mokulua. This is currently a dangerous roadway and a continuing safety concern for residents.** (Individual motion requires a second.)
- B. The Kailua Neighborhood Board supports City Council Resolution 25-228 for neighborhood board and community awareness and comment on certain Conditional Use Permit-minor projects of significance to the community. The Kailua Neighborhood Board specifically concurs that this would ensure enhanced community engagement in decisions relating to the permitting of proposed projects that involve uses that are not typical in a particular Zoning District.** (Planning, Zoning, and Environment Committee motion.)

B. Kailua Public Library. The Kailua Neighborhood Board supports a new Kailua Library to provide expanded services and support for the community.

Whereas, the Kailua Library and its dedicated staff have served the public well for generations, however, the structure is nearly two decades beyond its timeline for a major overhaul to improve facilities and community services

Whereas, today the Kailua Library has maxed out its electrical capacity, requires replacement of aging HVAC systems, and does not have space to host modern library and community services and programming.

Whereas, limited parking has become a significant issue for those accessing the library, district park, and nearby destinations

Whereas, old community meeting spaces, such as the room the Kailua Neighborhood Board meets, do not have adequate audio, video, presentation, and online capabilities to properly support modern hybrid meetings

Whereas, Kailua also has no disaster shelter capable of protecting and sustaining a large number of people for an extended period of time

Whereas, the State of Hawaii is finally poised to replace the Kailua Library with a modern facility, so now, therefore,

Be it resolved that the Kailua Neighborhood Board supports a new Kailua Library and modern facilities capable of providing expanded services to meet the modern needs of our community

Be it further resolved that the library should be planned for to provide all the innovative services and benefits to our community that modern libraries typically provide, including adequate space that can be used for community programming such as art classes, study rooms, and meeting rooms that individuals and community groups can use

Be it further resolved that the library should provide online connectivity for all, including space for students and families to access government services, work, play, and enjoy digital media in all forms, and include a large public meeting room capable of hosting hybrid community meetings and digital presentations

Be it further resolved that the library should have outdoor space to host community events, gatherings, markets, or just provide a tranquil place for community members to relax and read

Be it further resolved that the library should have increased parking and improved pedestrian and bicycle access to enable more members of the community to visit

Be it further resolved that the library should also serve as a disaster resilience hub, with the capability of sheltering a large number of people in the event of a disaster, such as a hurricane or tsunami, and be planned to have solar, batteries, and other technology commonly employed in modern resilience hubs to provide power when the surrounding grid is down, as well as to the Police and Fire stations, and contain storage for emergency supplies and food, with a commercial kitchen to feed the community in times of need

Be it further resolved that the library should provide commercial spaces for the Friends of Kailua Library to operate, and for common amenities such as a coffee shop, café, or other appropriate retail space that can benefit the local community and help generate revenue to properly fund the library, community programming, and proper maintenance and security for the site

Be it further resolved that the Library and surrounding facilities and grounds should be planned to reflect the character and history of Kailua town and its people, and fit into the community as much as possible while providing the services, functions, and benefits to the community this resolution contemplates. (Individual motion requires a second.)

2025-ZCH-1(AY)

Dear Participant:

SUBJECT: Request for Comments
Zone Change Application No. 2025-ZCH-1
Project: Hagan Family Zone Change
Owners/
Applicants: Jason C. Hagan and Elisa A. Hagan
Agent: Planning Solutions, Inc. (James T. Hayes)
Location: 66-009 Waialua Beach Road, Waialua
Tax Map Key: 6-6-018: 024
Current Zoning: Country District
Requested Zoning: R-5 Residential District

This is to inform you that the Department of Planning and Permitting (DPP) has accepted and is processing the above-referenced application for a Zone Change. The Applicant requests to rezone the subject property from the Country District to the R-5 Residential District. You can find the application materials on our website, at the following address (use the map navigation tools): honolulu.gov/dpp/public-input

We would appreciate any comments or concerns you may have regarding the Project's potential for impacts. Due to statutory time constraints, please provide your comments to the DPP by **March 2, 2026** and reference the project file number **2025-ZCH-1** in your response.

The Applicants state they are requesting a zone change in order to:

- Bring the parcel's zoning into conformance with its longstanding use as a site for six single-family dwellings and one duplex dwelling.
- Qualify for loans to finance needed renovations and maintenance to the aging buildings.
- Secure the right to rebuild should the existing structures suffer catastrophic damage due to fire or natural disaster.

20250115 PM 1:49 CITY CLERK

2025-ZCH-1
January 15, 2026
Page 2

The Applicants are proposing no change to the lot's existing use, which has been in place since most of the homes were established there in 1965. The number of dwellings and their square footage will remain substantially unchanged.

The Project was presented to the North Shore Neighborhood Board No. 27 (NB 27) on January 28, 2025. The NB 27 voted 11-0-1 (11 ayes, one abstention and one member's vote inadvertently not called for) to support the proposed zone change.

Please evaluate the impact of the Project on public facilities and/or services that are provided by your department or agency as to whether they are adequate to serve the Project. If public facilities or services are inadequate, indicate what improvements would be necessary to support the Project.

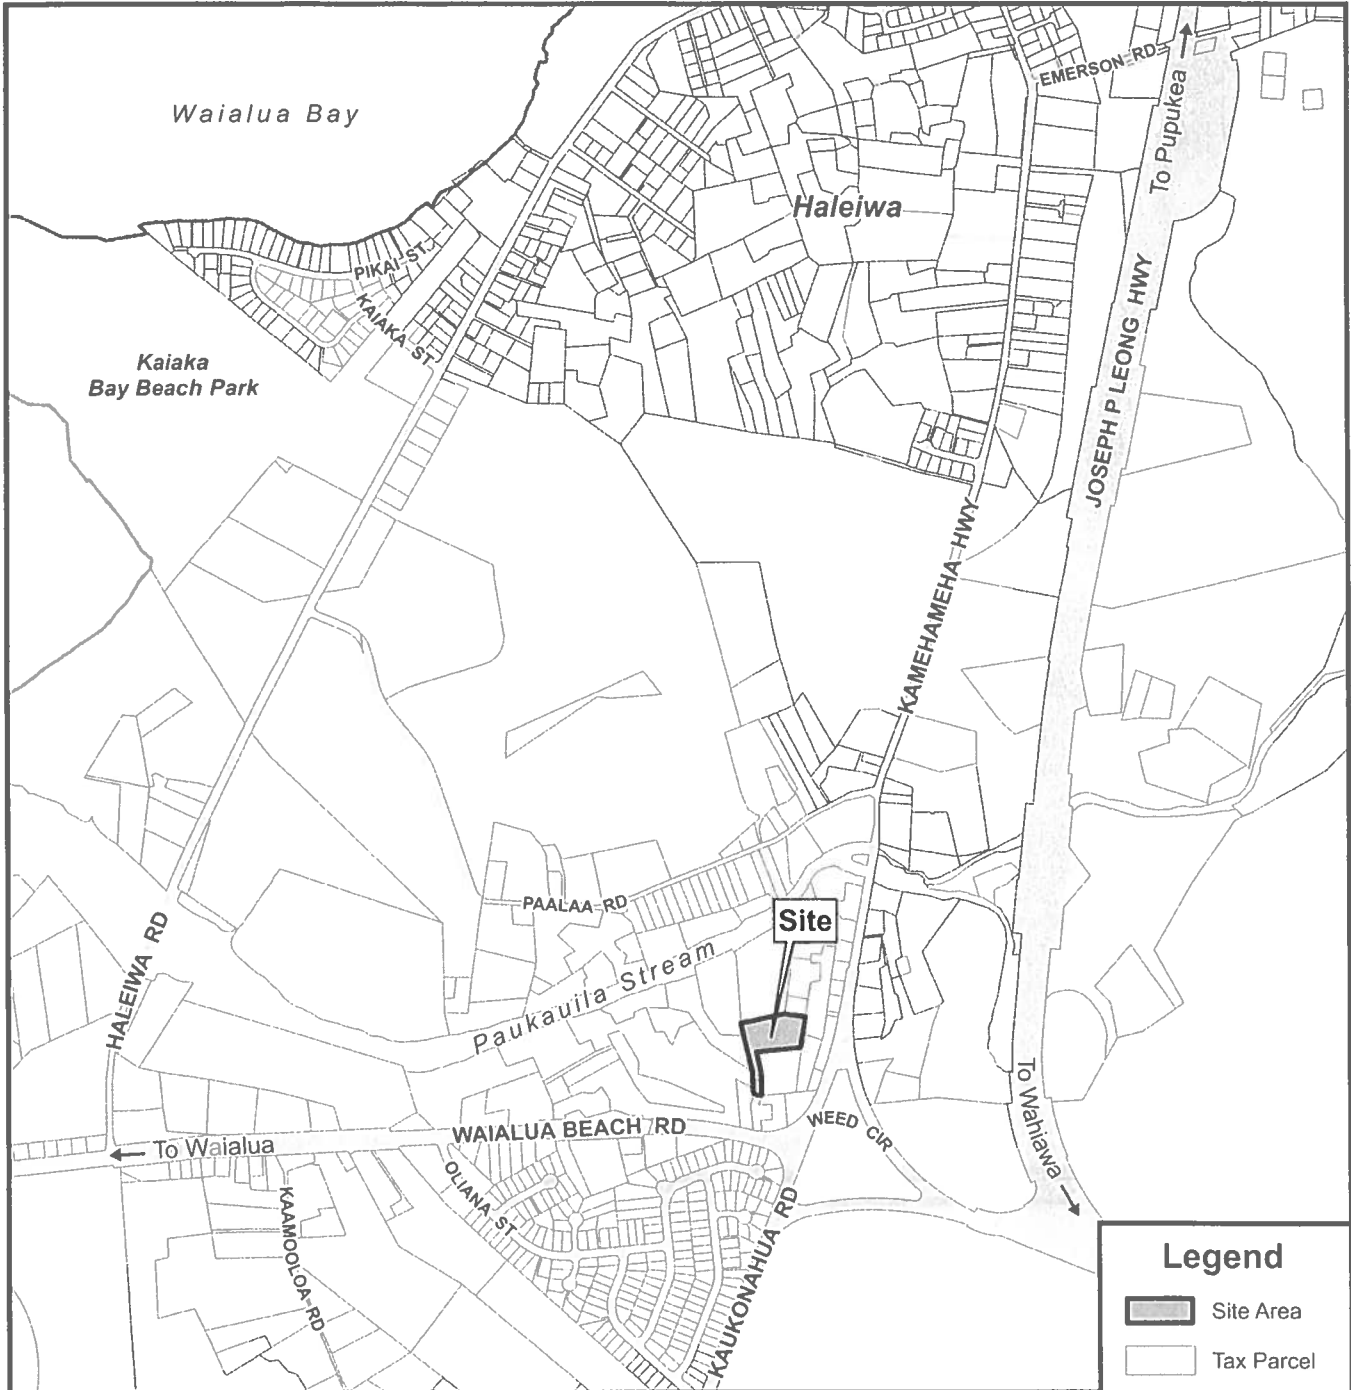

Should you or the public have any questions, please contact Andrew Yamaguchi at (808) 768-8044 or via email at andrew.yamaguchi@honolulu.gov.

Very truly yours,

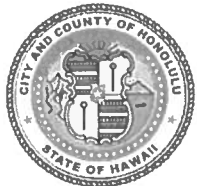

Jordan Dildy
