CERTIFIED MAIL NO. 7011 0110 0002 1802 1195

Ms. Roxanne Kwan
Hawaii State Department of Health
Environmental Management Division
Solid and Hazardous Waste Branch
Underground Storage Tank Section
919 Ala Moana Boulevard, Room 212
Honolulu, HI 96814

Dear Ms. Kwan:

SUBJECT: APPENDIX 5-B - CONFIRMED RELEASE NOTIFICATION FORM,
TANK 5, RED HILL FUEL STORAGE FACILITY, JBPHH, OAHU,
DOH FACILITY ID NO. 9-102271

As stated by LCDR Angela Watson of Naval Supply (NAVSUP) Fleet Logistics Center (FLC) Pearl Harbor during a meeting at the Incident Command Center on January 16, 2014, a JP-8 fuel release of up to 20,000 gallons from Tank 5 was confirmed.

NAVSUP FLC Pearl Harbor began transferring fuel from Tank 5 to other storage tanks on January 13, 2014 in response to a suspected release that was discovered through inventory monitoring. The transfer of over 11 million gallons of JP-8 was completed on January 18, 2014.

Liquid was observed weeping from the wall of the Red Hill tunnel near the lower exterior of the material encasing the tank. A sample of the liquid was collected and analyzed. Analytical results determined the liquid was JP-8 fuel.

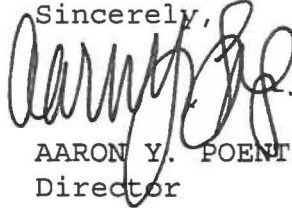

Groundwater samples were collected from monitoring wells RHMW01, RHMW02, RHMW05, and RHMW2254-01 on January 15 and 16, 2014. Analytical results will be submitted to the DOH.

To document the confirmed release from Tank 5, a Confirmed Release Notification Form has been completed and is being submitted as Enclosure 1.

January 23, 2014

If there are any questions regarding this matter, or if more information is needed, please contact Ms. Raelynn Kishaba at (808) 471-1171, extension 233.

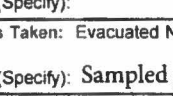

Sincerely,

AARON Y. POENTIS
Director
Regional Environmental Department
By direction of the
Commander

Enclosure: 1. Appendix 5-B - Confirmed Release Notification
Form for Red Hill Fuel Storage Facility, Tank 5

CONFIRMED RELEASE NOTIFICATION FORM

STATE USE ONLY			
Facility ID:	Release ID:	Date Sent:	Date Received:
